

RISK ASSESSMENT

We focus on the designing, implementing, and improving specific risk capabilities while we are performing risk assessment and monitoring the management of the risks which also includes functions such as:

- Support in setting up operational risk management framework
- Risk assessment
- Risk governance and oversight
- Development of risk mitigation strategies and operations
- Contingency plans

RISK BENCH MARKING & ANALYSIS

We assess and benchmark risk management capabilities against industry standards that are in line with the prevailing expected practices.

We create the structure of benchmarking process in a manner that is easy to change.

RISK REPORTING & MONITORING

We focus on assisting our clients with documentation and reporting process which is considered consistent with regulatory risk reporting and on-going monitoring process conducted by management.

Who We Are?

About Us

We are a young and a vibrant SME currently operating from United Arab Emirates with a small team of modest learners and enthusiastic professionals specializing into broad range of IT and Financial products and services comprising of system integration tool, POS system, marketing tools, ERP & CRM applications, web designing & development services, mobile apps, book keeping & year end financials, outsourced payroll, VAT, audit and various advisory services. Transactional Services...

In order to stay competitive, you need to watch out for your competition. We help businesses to execute their strategic priorities right from the process of identification, execution and post value creation in each transaction. We provide value added services to business to perform,

- 1) Due diligence
- 2) Feasibility study
- 3) Raising Capital and facilities arrangement
- 4) Enterprise Risk Management

We look in to your business model and discuss on why and how the transaction with agility should be dealt by assisting you in forming deal strategies from the process of establishing right value and structure of deal through due diligence to the integration or divestiture of a business. Our aim is to protect your interest and create value through each of our transaction.

DUE DILIGENCE

During due diligence we create financial modelling that covers business functions such as financial, operational, tax, IT, and develop simple strategy for you to make the right decision. We assess your business transaction in order to synergize the solution which is a right fit for you. We not only examine the risks and opportunities but also provide a pre and post transactions of realistic value that would respond to the complex questions you would have with regards to your acquisition or sale.

FEASIBILITY STUDY

Its critical for an organization to have an objective and rational approach to uncover its strengths and weaknesses that lies in its business and the proposed venture opportunities and the threats in totality, in order to arrive at a feasible value preposition.

Our team helps your business in discovering the transaction intrinsic value that has a rational impact on your business and we provide you with the relevant basis to make decision making easy for you.

RAISING CAPITAL

Finance is critical for business growth especially for its expansion and for those who deal in trading activity to manage their working capital. We support businesses with fund requirements through issuance of debt or equity securities by using our relationships with lenders and equity investors to deliver the best possible solution under the operating economies of scale.

We are here to suggest you with the right financing structures, appropriate tenure and the best possible modes of settlement that would maximize your value. We have expertise in:

- Debt advisory
- Capital (debt and/or equity) raising
- Facility restructuring
- Trade finance

ENTERPRISE RISK MANAGEMENT

How often you assess risks surrounding your business?

Risks not only come from fraudulent activity or from external sources but they may be arising from or may be even deeply embedded within the organizations core operations, be it form functions such as quality, communication, consistency, innovation, competition or performance.

Our highly experienced team is able to act as a trusted advisor in respect of risk management matters within your company and can advise you on all of the following areas:

- 1) Risk assessment
- 2) Risk bench marking & analysis
- 3) Risk reporting & monitoring
